DEAR CLASS OF CPS '79 – CHEM, BIOCHEM, PHYSICS, COMPUTER SCI AND ALL OTHERS:

Wow! It's 40 years since we graduated as a class so let's celebrate in style on [Alumni Weekend on June 21-23, 2019](#). It's been fun interacting by email/calls with many of you from Chem, Biochem, Physics and Computer Sci and others!

We will be partnering with CBS '79 for an incredible dinner in the prestigious University Club on the 5th level of the UC on Friday evening with a photo shoot outside by the Cannon at 5 pm followed by 5:30 pm reception/dinner. Bring photos to put on a PHOTO BOARD!

We can also get reacquainted at the Alumni Reception (CPS and CBS) on Friday at the Delta Hotel at 2 pm. I look forward to seeing you there!

On Saturday we have arranged distinct academic building tours for Sciences and for Computer Sciences. During the day you can join guided tours to residences and perhaps find your old room! You can also visit the library and maybe find your old cubicle during many long studious hours. You can also walk the beautiful campus and Arboretum as well. Later in the afternoon, we can hook back up at the Craft Beer Tasting followed by another get-together at the Brass Taps at 7 pm with seating reserved for 50!

Computer Sciences Club 1978/79

On Sunday, we can wind down at the optional Reunion Weekend Farewell Breakfast in the University Centre Courtyard from 8 am to 11 am. Visit the [Alumni Weekend website](#) when registration opens in April for a listing of where to eat on campus during the weekend, including the President's Milestone Lunch on Saturday.

Lydia, Mike, Cate (Chemistry)

HOTEL ACCOMMODATIONS:

Fifteen rooms have been reserved at the Delta Marriott under CPS '79. Here is an easy link or call Marriott at 1-844-496-8549 and be sure to specify CPS '79, and please avoid booking under another class such as CBS '79. You have until May 21st to book the Delta. [Book your group rate for Alumni Weekend-CPS '79.](#)

CPS '79 grads with their diplomas.

Alex McDonald, Steve Oliver,
Peter Plank, Jeff Porter

RESIDENCE ACCOMMODATIONS:

Anyone can stay in residence, either apartment or townhouse. In East Residence apartments, five of us are planning to stay together, so far, as CPS '79 Chemistry/Biochemistry. Rates are \$44 a night for one or two nights. We are bringing in a Tassimo/Nespresso so it should be fun having breakfast together like old times in residence! A booking has also been set up for CPS '79 Computer Sciences if any of that group wishes to stay together in a suite.

<https://confreg.uoguelph.ca/registration/Register/default.aspx?code=2019Accomm>

For everyone else in CPS, you can book as an individual or gather a group of friends.
